

TORO

Count on it.

36" WALK-BEHIND ROTARY BROOM

THE TORO® 36" WALK-BEHIND ROTARY BROOM is versatile and powerful, designed for easy operation and year-round use. Its excellent performance in snow and clean-up applications, such as sand, leaves and other debris, combined with its superior maneuverability make it a productive tool for homeowners, landscape contractors, maintenance workers and more!

FEATURES

OPERATOR-FRIENDLY HANDLING

- Patented power-steering allows operator to turn on a dime - wheels can be disengaged independently or simultaneously making turning, reversing and steering easy
- Handle-mounted independent control levers engage broom and ground drive
- Proven commercial variable speed transmission features six-position forward and two-position reverse and allows shifting on the fly

- Robust positive height adjustment for easy leveling and precise ground engagement
- Unique pin height-of-brush system allows for precision height adjustment up to 1/8" increments
- Change the broom angle by 20° in either direction, allowing operator to easily sweep snow and debris away from path

VERSATILE & DURABLE FOR ALL SEASON APPLICATIONS

- Multi-season, commercial grade, Kohler® engine allows air intake to be rotated 180° when season changes
- Reinforced handlebars and heavy-duty gearbox add durability
- Brush designed to minimize impact and surface damage while cleaning more effectively
- Four integrated tie-down points are built into frame to secure on trailer quickly and transport safely

ALL-SEASON APPLICATIONS

Spring sidewalk clearing, summer dethatching & lawn applications, fall debris cleanup, winter snow removal

**36" Walk-Behind
Rotary Broom**

36" WALK-BEHIND POWER BROOM

ALL-SEASON MACHINE & EASY OPERATION

4 TIE DOWN POINTS

Fasten your product quickly and firmly with structurally sound integrated tie-down points for safe and easy transportation.

UNIQUE PIN HEIGHT-OF-BRUSH SYSTEM

Precision height adjustment with up to 1/8" adjustments to minimize surface damage and brush wear.

BROOM ANGLE ADJUSTMENTS

Adjust the broom angle up to 20° in either direction with our user-friendly thumb latch, simply press and angle.

VARIABLE SPEED

Commercial variable speed transmission allows you to shift on the fly with 6 forward and 2 reverse speeds.

POWER STEERING

Maneuvering made easy. Wheels can be engaged independently or simultaneously with trigger controls to turn on a dime.
