

CAMPO Equipment

EB1000CT

**Self Contained
1 Million BTU Heater**

Profitable Heat Solutions *For The 21st Century.*

- Overall Dims: L 19ft x W 74.5" x H 98" (add 24" for Smoke Stack and Cap in operation)
- 300 US Gallon Tank (38 hour run time)
- LED lights
- Tandem 5200lb axles on Galvanized Trailer
- True Spill containment for genset, burner, fuel lines and double wall sub base fuel tank
- Blaze 1000D, Proven Reliable
- 1 X 20" supply duct or 4 X 12" supply duct panel, 1 X 24" return duct panel
- Ducting capabilities of 400ft,
- 7.5" of Max Static Pressure
- 13,500 CFM
- Recirculating Capabilities
- Tight Enclosure to harness heat from genset, warming fuel lines and burner air
- Panel mounted voltmeter
- Digital Temperature Controller
- 3 fan speeds
- Optional low fuel alert at 20% with strobe light, 5% fuel automatic shut down.
- 16KW genset, battery disconnect, block heater

Plug and Play Capability Provides The Ultimate In Heat Fleet Versatility!

The G series comes standard with an EZ-switch valve that allows for switching between natural gas and propane in an instant! AND, with Campo's optional *Quick Swap Oil-Fired Burner assembly*, you can meet the ever changing demands of the Jobsite and customer, without losing the rental and the revenue!
