# MATERIAL HANDLING ULTRA BUGGY®

# ULTRA BUGGY® 2500T

2,500 lbs.  
carrying  
capacity

Easy access to  
common service  
areas

Reinforced tracks  
for maximum  
durability

The tracked Ultra Buggy represents the ultimate in productivity, jobsite efficiency and ROI.

- Easy access to common service areas.
- The traction controls are easy to learn, effortless to operate, smooth and responsive.
- Large fuel tank capacity allows for all day productivity.

# ULTRA BUGGY 2500

Dual-action dump  
pedal dumps and  
returns the tub with  
no need to remove  
hands from the  
handlebars.

Dual foam-filled  
tires quickly  
remove for easy  
gate access.

The wheeled Ultra Buggy offers versatility and flexibility to any task. It's compact size and maneuverability allows you to dump material in tough to reach areas. With additional features such as:

- Optional fold-up operator platform provides more maneuverability in tight places.
- Fully hydraulic dump system makes unloading smooth and effortless.
- Patented oversized brake pedal is easy to locate and use for comfortable operation.

# ULTRA BUGGY® 2500TS

180 degree continuous  
dump radius

Intuitive traction  
controls

Optional fold up  
platform

Built on the trusted tracked Ultra Buggy frame, the swivel buggy gives you a 180 degree dump radius, plus:

- Dump and swivel switches mounted and linked to the traction controls give users easy access.
- The same 2,500 lbs. carrying capacity that customers have come to expect.

## ULTRA BUGGY e2500

Mounted directional &  
dump controls

Up to 8 hours  
continuous runtime

Zero-turn  
radius

Toro's electric Ultra Buggy is the next evolution in material handling. Electric power eliminates engine exhaust emissions, and the thick, polyethylene tub handles all types of material.

- Toro designed HyperCell™ Lithium-Ion battery system is optimized to deliver up to 8-hour continuous runtime.
- The 31.5" width of this machine allows easy access through 3-ft doors.
- Designed and tested to achieve a 2,500 lbs. carrying capacity with a single wheel configuration.

### **STEEL TUB ACCESSORY** designed for all Ultra Buggy models

The steel tub is sold as an optional accessory to replace the standard poly tub.

- The steel tub offers the same 14 -cubic foot and 2,500-pound carrying capacity found on the full line of Material Buggies.
- The curved back allows the tub to dump material at any point along the 180-degree radius when used on the Ultra Buggy 2500TS model.

**Count on it.**
